

Service – Service

At Northwood Congregational Church we have set aside the 5th Sunday of the month to serve in the larger community. Four times a year there is a 5th Sunday in the month.

For the 5th Sunday a service project is chosen – examples: helping a non- profit, working with another Christian group, offering the town services of cleaning of beaches, park& rides, ball fields, etc.

Following the church service members of the congregation join forces and travel to the designated area to serve. Our intention has been to service outside our congregation, and to visible as an active part of the community.

We originally shortened our ‘worship’ service but have decided to include a full worship service before heading out to service.

Our outreach has had an impact in the following ways:

Guests on the Sunday we served have joined us and also told us they will take the idea back to their congregation.

Friends of the congregation have joined with us to serve.

Our services have been appreciated by all groups that we have reached out to.

Our outreach has had a multigenerational involvement.

If interested in more information regarding our Service- Service, please contact Margie, at mhmnickerson@hotmail.com
